

NWP ELECTRICAL LIMITED ENVIRONMENTAL POLICY

NWP Electrical Limited, as Electrical Engineers and Contractors, carrying out a range of electrical services to industrial, commercial and domestic customers, are committed to reducing the impact of our operations to the environment.

NWP Electrical Limited Will:-

- ❖ Comply with, or improve upon, relevant legislative regulatory requirements and other requirements.

- ❖ Communicate an awareness of our Environmental Policy and Environmental Management Systems, to all staff and provide the necessary staff training.

- ❖ Quantify our various wastes and ensure that waste is identified and disposed of correctly.

- ❖ Promote, where it can be shown to be cost effective, the use of recycling.

- ❖ Encourage the minimisation of materials and energy usage in all our operations.

Signed. *R. Memick*

Managing Director.
